“Each year, our list of 100 Great Supply Chain Partners features a select group of companies whose customers recognize them for providing outstanding solutions and services,” said Brad Berger, publisher of SupplyChainBrain.

“Over the course of our six-month online poll, we ask supply chain professionals to nominate vendors and service providers whose solutions have made a significant impact on their company’s efficiency, customer service and overall supply chain performance.” said Berger. “This year we received literally hundreds of nominations for solutions providers in every aspect of supply chain management.”
