odfl.com Standard Estimate – Alaska, Hawaii or Puerto Rico

This demo presents the additional information needed to obtain a rate estimate for shipments to/from Alaska, Hawaii, Puerto Rico, or other locations requiring steamship movement.

It is meant as a companion to the Standard Rate Estimate - Continental US, Canada, or Mexico demo, which we recommend viewing first.

Slide 2

Text Captions: The Standard Rate estimate demo presented the steps for obtaining a domestic (Continental US, Canada, Mexico) rate estimate. Requesting an estimate for shipments to/from Alaska, Hawaii, or Puerto Rico is nearly identical. The main difference is that estimates for these locations require the cube (cubic foot) measurement of the freight. If you already know the cube measurement of your shipment, enter it here. If you need help calculating it, click the Cube Calculator link to open our calculator tool. Would you like to see how to use the Cube Calculator tool?

Yes No Thanks

Cube Calc1

Text Captions: The Cube Calculator opens in a separate window so you won't lose your place.

Shipment Information
*Required

Cube Calculator - Microsoft Internet Explorer provided by Old Dominion Freight Line, INC

Cube Calculator

Length (inches)	Width (inches)	Height (inches)	Cubic Feet	# of Units	Total Cubic Feet		
50	X 0	X 0	= 0	X 0	= 0	<input type="button" value="Calculate"/>	<input type="button" value="Change"/>
						<input type="button" value="Delete"/>	<input type="button" value="Clear All"/>

Click Calculate Button

Please enter Length, Width, Height and Units; press Calculate

Return Cube Total= 0

0

Lift Gate Service Insurance Value: \$ 0 (whole \$ only)

Click to calculate standard 559 rate →

Slide 4

Text Captions: First enter the length of one shipping unit in inches.

Shipment Information
*Required

Cube Calculator

Length (inches)	Width (inches)	Height (inches)	Cubic Feet	# of Units	Total Cubic Feet
<input type="text" value="0"/>	X <input type="text" value="0"/>	X <input type="text" value="0"/>	= 0	X <input type="text" value="0"/>	= 0
<input type="radio"/> 50	<input type="text" value="60"/>	<input type="text" value="40"/>	69.44	<input type="text" value="20"/>	1388.80

Click Calculate Button

Return Cube Total= **1389**

Lift Gate Service Insurance Value: \$ (whole \$ only)

Click to calculate standard 559 rate →

Slide 7

Text Captions: The cube measurement for the figures you entered is displayed.
And the rounded total, which you should enter on your estimate, appears here.

Shipment Information
*Required

Cube Calculator - Microsoft Internet Explorer provided by Old Dominion Freight Line, INC

Cube Calculator

Length (inches)	Width (inches)	Height (inches)	Cubic Feet	# of Units	Total Cubic Feet	
<input type="text" value="0"/>	X <input type="text" value="0"/>	X <input type="text" value="0"/>	= 0	X <input type="text" value="0"/>	= 0	
<input type="radio"/>	50	60	40	69.44	20	1388.80

Click Calculate Button

Return Cube Total= **1389**

Lift Gate Service Insurance Value: \$ (Whole \$ only)

Click to calculate standard 559 rate →

Slide 8

Text Captions: If you have additional shipping units with different dimensions, enter them on this line. Then press calculate again.

Shipment Information
*Required

Cube Calculator - Microsoft Internet Explorer provided by Old Dominion Freight Line, INC

Cube Calculator

Length (inches)	Width (inches)	Height (inches)	Cubic Feet	# of Units	Total Cubic Feet	
<input type="text" value="0"/>	X <input type="text" value="0"/>	X <input type="text" value="0"/>	= 0	X <input type="text" value="0"/>	= 0	
<input type="radio"/>	50	60	40	69.44	20	1388.80
<input type="radio"/>	40	36	48	40.00	10	400.00

Click Calculate Button

Return Cube Total= **1789**

Lift Gate Service Insurance Value: \$ (Whole \$ only)

Click to calculate standard 559 rate →

Slide 9

Text Captions: The cube calculation for each size of shipping units will appear on a separate line

And a running rounded total for all units appears at the bottom.

When you are done, press the Finished button, and the total will be copied into the cube field on the Rate Estimate page.

This concludes the cube calculator portion of the demo. We will now return to the Rate Estimate demo.
