Slide 1  
Text Captions: This demo shows the additional shipment tracing features available in our enhanced odf4me Tracing Tool, available to registered odf4me customers.

It is meant as a companion to the standard Shipment Tracing demo, which we recommend viewing first.

odf4me registration information is provided at the end of this demo.

The screenshot shows the Old Dominion Freight Line (ODFL) website. At the top, there is a green header with the slogan "Helping the world keep promises™" and a "Welcome, SAND12" message. A navigation bar below the header contains links for "Shipping Tools", "Services and Coverage", "Business Resources", "Investors", and "About OD". On the right side of the header, there are links for "MY ACCOUNT", "CONTACT", and "HELP".

The main content area is divided into several sections:

- Trace A Shipment:** A section with a search box and a "PRO" dropdown menu.
- Standard Quick Links:** A dropdown menu labeled "Select...".
- odfl4me Quick Links:** A dropdown menu labeled "Select..." and a "Customize Menu" link.
- Customer Service:** A section with the phone number "Call 1-800-235-5569" and a link for "E-mail Customer Service".
- Search:** A search box labeled "Search Term" with a "Powered By Google" logo.

In the center of the page, there is a large image of a man talking on a mobile phone. To the right of this image is a green box with the text: "Whatever you need. + Whenever you need it. = What we do. OD • DOMESTIC".

Below the main content area is a "Current News" section with three columns of headlines:

- Latest Headlines:**
  - [Oct 6, 2008 -- Old Dominion Opens New Container Drayage Operation](#)
  - [Sept 24, 2008 -- Old Dominion Freight Line Opens First Southern California Warehouse](#)

  - [Feb 2008: Bill of Lading form enhanced to create multi-page BOLs](#)

Slide 2

Text Captions: Enhanced shipment tracing may be done from the odfl4me home page once you've logged in.

Like standard tracing, shipments can be accessed by pro number, but the enhanced tracing also allows tracing by bill of lading, purchase order, or load number.

The screenshot shows the 'Tracing System' page on the Old Dominion Freight Line website. At the top, there is a green header with the company logo and tagline 'Helping the world keep promises™'. A navigation bar below the header contains links for 'Shipping Tools', 'Services and Coverage', 'Business Resources', 'Investors', and 'About OD'. The main content area is titled 'Tracing System' and includes instructions: 'Enter the document number in the entry field and select either PRO, PO or BOL from the drop down menu.' Below the instructions is a 'Shipment Information' form with a 'Number:' input field, a 'PRO' dropdown menu, and a 'Status' button. A link 'Click here to trace multiple Pros' is located below the form. The footer contains a grid of links for 'Company Info', 'Contact Us', 'Help', 'Services', and 'odf4me'.

Slide 3

Text Captions: The enhanced Shipment Tracing page, accessible via the main menu, also enables you to trace shipments with all three numbers. And like the standard tracing tool, you may click here to trace up to ten pro numbers simultaneously.

Welcome, SAND12

Origin Svc Ctr:	<a href="#">LGB</a> - LONG BEACH S/C
Destination City:	BOYNTON BEACH, FL, 33426
Destination Svc Center:	<a href="#">WPB</a> - WEST PALM BEACH S/C

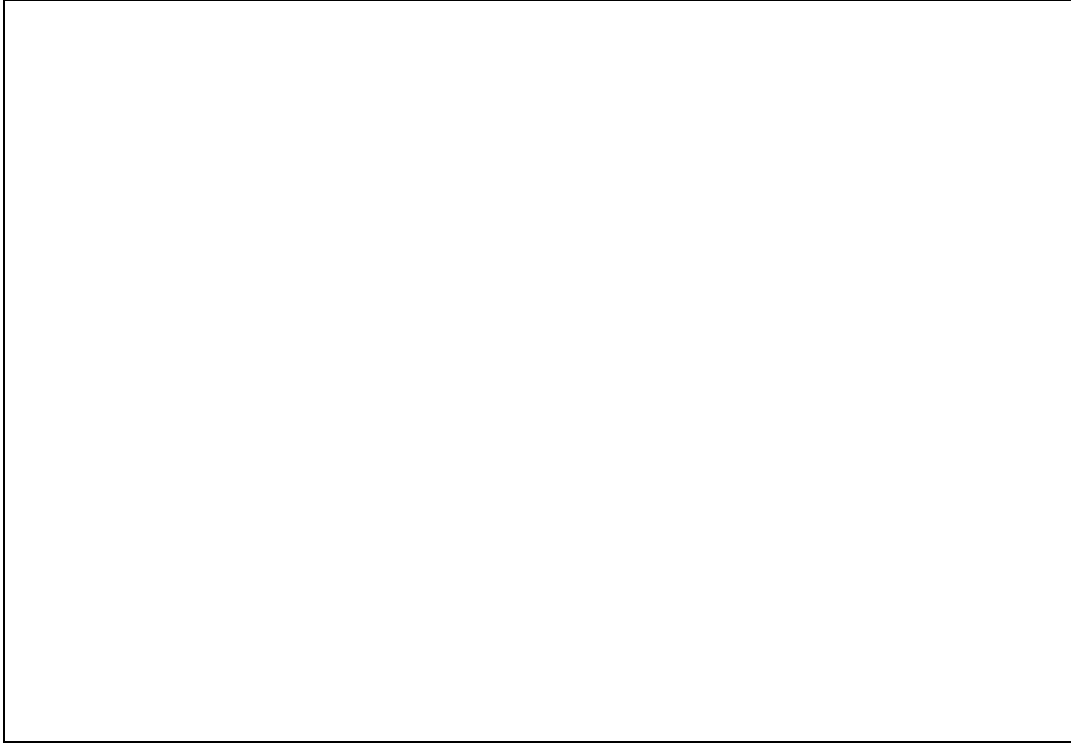

**E-Mail Notification**

Slide 5

Text Captions: Detailed information about the shipment is provided. Depending on the status, this may include:

- Date of delivery (or expected delivery date)
- Appointment time
- Pieces
- Weight
- Bill of Lading number
- Name of the person who signed for the delivery
- Origin city and zip/postal code
- Origin service center
- Destination city and zip/postal code
- Destination service center

The bill of lading is typically available online the day after the shipment is picked up,  
The biggest difference between the standard and odf14me tracing tools is that the odf14me version gives you instant access to the shipping documents.  
and the delivery receipt is usually available for viewing the day after the shipment is delivered.

Slide 6

Text Captions: Service center information can also be accessed quickly  
Like the standard tracing page, you can enter an email address for delivery notification.  
by clicking the service center code.

Slide 7

Text Captions: Congratulations! This concludes the enhanced shipment tracing demo. You may also find the below links helpful.
