ITEM 365

BILLS OF LADING - CORRECTED (See NOTE A)

1. Corrected bills of lading or other instructions to change the freight charges collection status from prepaid to collect will not be accepted after the shipment has been delivered. Any change in collection status will not be permitted after payment has been received.
2. A corrected bill of lading to change the original freight charges collection status from prepaid to collect will not be accepted if Section 7 (the non-recourse clause) of the corrected bill of lading has been signed. If the corrected bill of lading is inadvertently accepted and Section 7 has been signed, the signature will be considered invalid. The party requesting a change in the collection status will guarantee payment of the freight charges should the new debtor fail to pay within the prescribed credit guidelines.
3. A request to change the original freight charges collection status from collect to prepaid will require a corrected bill of lading from the shipper and the shipper must have established credit with ODFL. A request to change the collection status may be submitted by the shipper on the shipper's letterhead in lieu of a corrected bill of lading, subject to all other provisions of this item.
4. Redelivery, storage or other charges that become applicable on shipments that have been refused due to the freight charges collection status will be assessed against the party responsible for payment of the freight charges on the corrected bill of lading.
5. Corrected bills of lading changing the description, density or weight of commodities, released, declared or actual value in a shipment will not be accepted by the carrier without submission of conclusive documentary proof that the description, density or weight is as claimed on the corrected bill of lading. The carrier reserves the right to refuse corrections where the validity of the correction information has not been verified to the satisfaction of the carrier, or where execution of the correction request would violate laws, rules or regulations.

NOTE A--A charge of \$15.00 will apply to all corrected Bills of Lading.

ITEM 366

BILLS OF LADING - CONSOLIDATED

When a carrier receives two (2) or more shipments from the same shipper, on the same date, at the same place, consigned to the same consignee at a single place, the carrier, at its option, may combine the bills of lading for all such shipments into a master bill of lading and handle all such shipments as a single shipment. Such consolidated shipments shall be subject to all rules, regulations and charges that would apply if they had all been tendered to the carrier as a single shipment.
