

TARIFF ODFL 100-H

SECTION 3

OCEAN RULES

(For application, see Item 3100)

---

ITEM 3515

CARRIER TO CARRIER - CO-LOADING - OCEAN

ODFL, may tender cargo to other NVOCC's [co-loading] rather than tender cargo directly to a vessel operating common carrier [VOCC] for ocean transportation in order to obtain the most cost effective and/or timely routing of its cargo. When the ODFL 'co-loads' its cargo [as defined under article 580.5(c)(14)(i) of Title 46 CFR] the tendering carrier shall state on the face of its bill of lading the following notation:

'Co-loaded with [insert name of NVOCC receiving co-loaded cargo].'

The tendering of cargo to another NVOCC for co-loading does not increase, reduce, alter or remove ODFL's liability for the cargo as stated in ODFL's bill of lading issued at the time of shipment.

The shipment declared on the ODFL's bill of lading shall apply the rates and charges as named in the rate section of this tariff. The shipper and/or consignee shall be liable to ODFL for the freight and charges applied for their shipment. The receiving NVOCC shall issue its bill of lading covering the shipment and will apply the applicable rates and charges named in its tariff for the transportation and/or other services performed by the receiving carrier or its authorized representative[s].

ODFL shall accept shipments for transportation from NVOCC's for co-loading subject to the following conditions:

- a. tendering NVOCC shall issue its own Bill of Lading for each shipment to cover its relationship with its Shipper.
- b. tendering NVOCC shall furnish ODFL with a manifest which shall include the descriptions of the individual commodities with their respective weights, measurements, markings, and piece counts.
- c. Freight Forwarder Compensation shall not be paid for commodities shipped under this rule.
- d. Tendering NVOCC shall furnish carrier with documented proof of compliance with Title 46 CFR Part 83 and as required under Rule 25 of this Tariff.
