1. If the description or other information contained on the bill of lading is incomplete or is believed to be incorrect, Carrier or Carrier's agent will take necessary actions to determine the correct information. Actions may include: reweighing product to determine gross weights, inspection of the product, computations to confirm density, or other such actions necessary to properly establish facts regarding the shipment's characteristics.
2. When an inspection by Carrier or Carrier's agent results in a reclassification of the contents of the shipment, a charge of **\$25.00** per shipment will be applied to the freight bill plus all applicable freight, fuel surcharge, and accessorial charges will be modified accordingly. When Carrier or Carrier's agent is requested to perform an inspection on a shipment by an outside party, Carrier may, at its option, inspect each shipment, subject to a charge of **\$25.00** per shipment for performing this service.
3. The charge shall be the responsibility of the payor of the freight charges and shall be in addition to all other applicable charges.
4. The charge will not apply if the minimum weight or minimum charge in any of the following rules is used to determine final charges:
 - a. Capacity Load minimum charge.
 - b. Cubic Capacity and Density minimum charge.
5. Carrier reserves the right to verify shipment weight and make adjustments as necessary by use of electronic portable scales. Carrier verifies that such scales are "for trade" and meet all local and state laws regarding accurate weight within 1% tolerance of actual weight.
6. If the weight change determined by Carrier is an increase of 20 pounds or greater than the original weight as stated on the bill of lading, a charge of **\$25.00** per shipment will be applied to the freight bill. All applicable freight, fuel, and accessorial charges will be modified accordingly.
7. If shipper fails to indicate the weight of their shipment on the original bill of lading, Carrier will weigh the shipment and charge a fee of **\$25.00** per shipment to perform this service. This fee will also be assessed against payor of freight charges anytime a carrier is requested to weigh or reweigh a shipment for any reason.
