1. Onboarding to the CARM Client Portal

1.1 - Overview

The CARM Client Portal (CCP) will serve as the primary hub for accounting and revenue management with the CBSA. Release 1 includes basic functionality in the portal that will allow users to easily set up their individual and businesses accounts, and begin to familiarize themselves with the portal in advance of the full implementation of CARM at Release 2.

To onboard to the CARM Client Portal, users will complete the following processes to fully set up their account

1.2 - Accessing the CARM Client Portal (CCP)

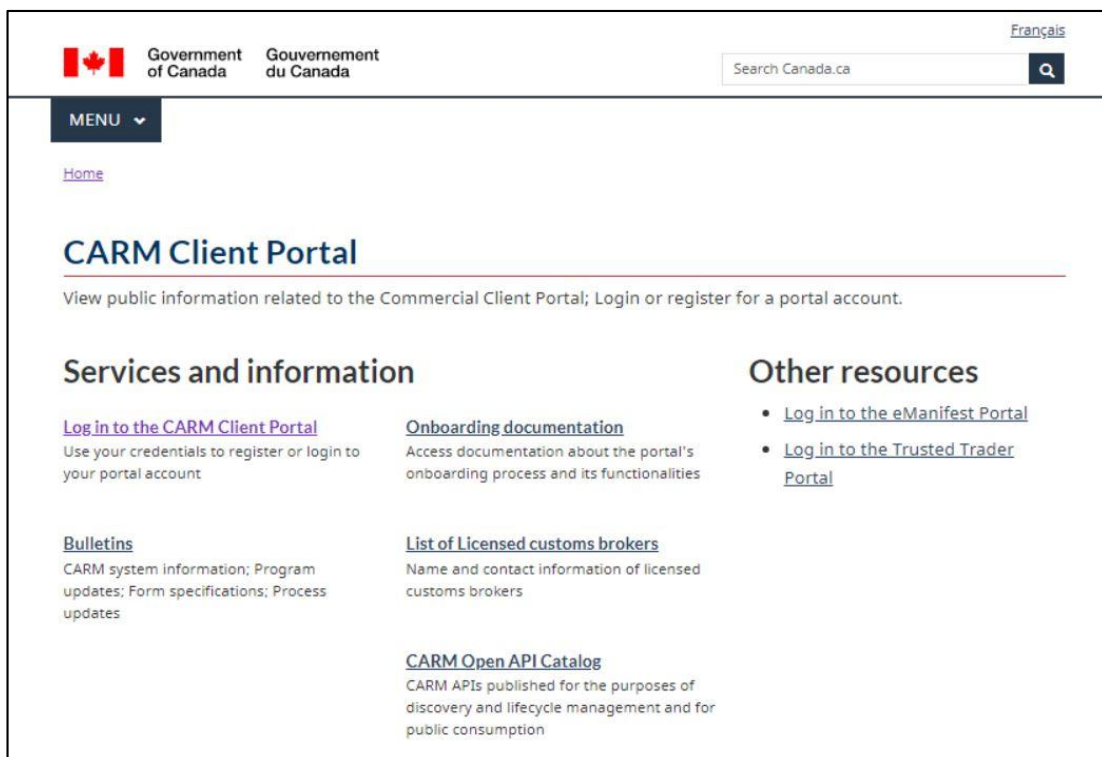

To access the CARM Client Portal (CCP), individuals must first open the CBSA webpage, the link to which can be found below:

[Click here to access the CARM Client Portal](#)

Upon launching the CARM Client Portal webpage, you will see the CCP home page. This page has many resources available to you that do not require logging into your portal account.

Important Note:

Existing importers and customs brokers can onboard to the CCP by following the steps in this user guide. Trade consultants may do so by contacting the CBSA at 1-800-461-9999.

In order to create and/or access your portal account, go to the **‘Log in to the CARM Client Portal’** link under **‘Services and Information’**.

From here, you will be directed to complete the initial set up process that will enable you to access the CCP's main functionalities.

Note that in order to access all available features of the CARM Client Portal, individuals and businesses must first go through the initial setup process. Once you have selected the '**Log in to the CARM Client Portal**' link, you will be taken to the CCP access page where you will be prompted to log in using one of the following options:

The screenshot shows the CARM Client Portal homepage. At the top, there is a header with the Canadian flag, 'Government of Canada / Gouvernement du Canada', and a search bar. A red box highlights the 'Français' language link in the top right corner. A green callout box with the text 'Click to change the portal language if required' points to this link. Below the header, there is a 'MENU' dropdown and a 'Home' link. The main heading is 'CARM Client Portal', followed by the subtitle 'View public information related to the Commercial Client Portal; Login or register for a portal account.' The page is divided into two main sections: 'Services and information' and 'Other resources'. In the 'Services and information' section, a red box highlights the 'Log in to the CARM Client Portal' link, which includes the text 'Use your credentials to register or login to your portal account'. A green callout box with the text 'Click to log in to the CARM Client Portal' points to this link. Other links in this section include 'Onboarding documentation', 'List of Licensed customs brokers', and 'CARM Open API Catalog'. The 'Other resources' section contains links to 'Log in to the eManifest Portal' and 'Log in to the Trusted Trader Portal'.

- Use the same sign-in information you use for other online services (for example, online banking).
- If you have a joint bank account, only one of the two people can register for CCP with the shared account. The second person must use a different Sign-In Partner account or create a GCKey account.
- None of your information (for example, financial, banking) will be shared with CBSA. Your Sign-In Partner will not know which government service you are using.
- You will temporarily leave the CBSA site to use your Sign-In Partner.

Option 2

[Continue to GCKey](#)

- Sign-in with a GCKey user ID and password if you do not use one of the Sign-In Partners.
- Register for a GCKey user ID and password if you do not have one.
- Your GCKey user ID can be used to access other Government of Canada departments and agencies. GCKey user IDs created on other federal government sites can be used on CBSA.
- If you have forgotten an existing GCKey user ID you will need to create a new one.

Steps for logging in using both methods are detailed on the following pages.

1.3 - Logging in with a Sign-In Partner

The **Sign-In Partner** option allows users to log in through the web portal of their financial service provider. Sign-In Partners are financial institutions and banks that have partnered with SecureKey Technologies to enable their customers to use their online credentials to log in to other secure sites.

All individuals and businesses who use this option must have a pre-existing account with the selected Partner.

After selecting your Sign-In Partner from the list of available institutions, you will be directed to the Partner's sign-in page in to log in using your credentials.

1.4 - Logging in Using an Existing GCKey

A GCKey is a unique credential that protects your communications with online Government programs and services.

On this page, you will have the option to sign in using an existing GCKey, or you may create a new one.

Important Note:

While you may use existing GCKey credentials from certain other Government of Canada portals, note that some exceptions (such as MyCRA) may apply. If this is the case, you will need to create a unique GCKey to access the CARM Client Portal.

The screenshot shows the GCKey login interface. At the top, there is a header with the Canadian flag and the text "Government of Canada" and "Gouvernement du Canada". Below this is a navigation bar with links for "Definitions", "Frequently Asked Questions (FAQ)", and "Help". The main content area is titled "Welcome to GCKey" and contains a "Sign In" section. The "Sign In" section has fields for "Username: (required)" and "Password: (required)", both with input boxes. Below the password field is a link for "Forgot your password?". At the bottom of the "Sign In" section are two buttons: "Sign In" and "Clear All". To the right of the "Sign In" section is a "Simple Secure Access" section. It contains the text "A simple way to securely access Government of Canada online services." and "One username. One password." Below this is a "Sign Up" button. At the bottom of the "Simple Secure Access" section, it says "Your GCKey can be used to access multiple Government of Canada online [Enabled Services](#)".

1.5 - Creating a New GCKey

It is important to note that the user who completes the registration of the business on the CCP will automatically become the associated **Business Account Manager (BAM)**, or the person with ultimate account authority. A business account can only be registered once, but its Business Account Manager can assign other users a BAM role (or other user roles) through the employee management page.

To learn more about the role of the Business Account Manager as well as the Delegation of Authority process, review the following guide:

[Trade Chain Partner User Guide - Delegation of Authority](#)

Upon clicking **‘Register my Business’**, you will be greeted with the following screen that details the business linking requirements:

The screenshot shows the CARM Client Portal interface. At the top, there is a header with the Canadian flag and the text 'Government of Canada' and 'Gouvernement du Canada'. Below this is a dark blue bar with 'CARM Client Portal' in white. A light blue navigation bar contains a 'MENU' dropdown and links for 'Personal profile' and 'Logout'. The main content area has a breadcrumb trail 'Home > Setup my Portal' and a section titled 'Business linking requirements'. The text explains that users need a Business Number (BN) and an import-export program account (RM). It defines a Business Number as a 9-digit number assigned by the CRA and an Import-export program account as a 15-digit number (9-digit BN followed by a 6-digit alpha-numeric RM). An example of a Business Number RM account is shown: '123456789 | RM | 0002', with '123456789' labeled as 'Business number', 'RM' as 'Reference number', and '0002' as 'Program identifier'. At the bottom, there are instructions on how to register for both a BN and an RM account by following the CRA's Business Registration Online (BRO) instructions, and a link to 'clicking here'. A final instruction states: 'If you already have a Business Number RM account, click next to continue linking your business.'

You will then be required to enter the business number and program reference number, as shown below:

2.5 - Uploading Documents

Including additional documents helps the CBSA in their rendering of rulings decisions. Where possible, documents that support a ruling request should always be included with the initial request. If the CBSA feels that they have insufficient information to render a decision, they may request that you provide additional information in order to proceed with your ruling request.

The screenshot shows the CARM Client Portal interface. At the top, there is a header with the Government of Canada logo and the user's name 'Test Importer Name (RM0001)'. Below the header is a navigation menu with links for 'Setup my portal', 'Accounts and profiles', 'Financial information', 'Payments', 'Declarations', and 'Rulings'. A green callout box points to the 'Financial information' link, stating: 'The 'Upload a document' link'.

Below the menu is a 'Recent Transactions' table with columns for Transaction date, Description, Amount, and Status. A green callout box points to the 'Actions' column of the 'Rulings' list, stating: 'The document attachment link found in the 'Actions' column of your displayed 'Rulings' list'.

On the right side, there is a 'Most requested' section with a list of links: 'Upload a document', 'Manage pending employee requests', 'Manage pending third party requests', 'Transaction history', and 'Request a ruling'. A green callout box points to the 'Upload a document' link, stating: 'The 'Upload a document' link in the 'Most Requested' column'.

For the purposes of this guide, we are showing the page that will appear after selecting either of the **‘Upload a document’** links. From this page you may proceed with the following steps:

Business Account:

Accounts for Businesses exist for:

- Organizations that provide services to clients – service providers
- Client organizations such as importers

Service Provider	Client
Business account that has at least one program account, and performs activities as a customs broker or Third Party.	Any business account that has delegated their authority to a service provider.

Important Note:

Employees of both service providers and clients will have accounts tied to their organization's business account.

3.2 – Business Relationships

Business relationships are established between a service provider and its client(s). A client (e.g. importer) can delegate access to the service provider (e.g. customs broker) for them to act on their behalf and manage their account(s) within the CBSA by establishing a relationship.

Service providers must first establish a business relationship with their clients to be able to transact with the CBSA on their behalf. Only then will the service provider be able to assign its employees to the clients' accounts to carry out the activities agreed upon in their service.

Within the CCP, there are two business relationship access types that can be established between a service provider and a client.

These are:

- *Business Management Relationship*
- *Program Management Relationship*

Important Note:

The client determines the relationship type to grant to its service provider(s).

These tables show the activities and access permissions associated with the Business Management Relationship and Program Management Relationship :

- 1. Business Management Relationship:** This relationship delegates access to all program accounts to the service provider, including any programs added in the future.

Activities	Allowed or Restricted	View as Read-Only or View and Edit
View business account profile (general information, ownership, addresses, business activity, settings and contacts)	Allowed	Read-only
View all Program accounts profile (general information, addresses, contacts, owners and sub-programs)	Allowed	Read-only

View financial security information	Allowed	View and Edit
View information regarding requests (e.g., Rulings) and transactions (e.g., CAD) on the client's behalf	Allowed	View and Edit

Commonly restricted actions within a Business Management Relationship include the following:

- Editing the Business Account or Program Account information
- Viewing or editing pre-authorized debit authorizations
- Viewing collection-related notifications and payment arrangements
- Viewing or editing the client's access requests, and its employees' accesses
- Viewing or editing the client's pending business relationship requests, and its list of active business relationship

See next page for *Program Management Relationship* information

2. Program Management Relationship: This relationship delegates access to only selected program accounts to the service provider.

This table shows the activities and access permissions associated with the Program Management Relationship:
